this book Tells The Story some of us have run from for so long

By cleos\_delight

Ok likely the book very good and informative but honestly hit to close to home & pissed me off. Guess that's why the book was recommended to me. Not the author's fault though. I have gone back and read it. Just took a bit of acceptance. Is good and hits the points we don't want to face, those of us with our Flight from Intimacy

Pretty Good

By Sherry J. Wilson

Overall, this was a very inormative book. I didn't find it an "easy read" compared to other books on this subject. It reminded me more of a textbook type style. I do like the overall theory the book is based on and feel as though I learned a great deal.
