'Classic Scottish noir: bad food, bad moods, too much booze and tight plots' @ey0k1, Twitter

Perfect for fans of Ian Rankin, Ed McBain and Christopher Brookmyre, *Cowboys & Indians*, the seventh book in the Scott Cullen series, brings together two different cases for Cullen to solve, in the dark and gripping Scottish police procedural series that has set the bestseller charts alight.

With a series of male rapes around Edinburgh puzzling police, a bloodied corpse is found in the shadow of Edinburgh's Dean Bridge, half-naked and battered. Who is he? Did he fall or was he pushed? Why is he handcuffed?

As the victim is identified, the case only gets murkier. Detective Sergeant Scott Cullen of Police Scotland's Edinburgh Major Investigation Team is sucked into the depths of the city's financial services sector, facing up to some old enemies and creating some new ones. Just months into his new role, Cullen is torn by the trials of a management role, putting a friendship on the line. New leads take them no further forward — too many suspects in a world where nobody trusts anyone and all are out for themselves. Can Cullen catch a killer who could be anyone?

From bestselling author Ed James, *Cowboys and Indians* is a tightly woven, gripping crime novel challenging the honesty of professional liars.

A Lot Goes On.. All Fun and Games

By AvidMysteryReader

The Scott Cullen series by Ed James is clearly in the top tier of its genre, the modern British cop procedural. I had eagerly awaited the latest, "Cowboys and Indians" and was not disappointed.

James incorporated his working knowledge of the corporate IT business, together with a white collar BDSM scenario and ended up with a lively search for miscreants involved in corporate malfeasance, murder and rape. The resultant effort is a "can't put down" page turner.

One strong facet of James' works, which was very apparent in his latest, is the strength and power of the dialogues. His characters are all realistic and the well presented dialogues are a key reason. By the way, as a James reader will instantly recognize, is tongue in cheek.

An American readers has to look sharp to read this ...

By Mar Preston

An American readers has to look sharp to read this fast-paced whodunit because of all the Scottish police slang. But the effort is worth it. The pace is headlong, the characters engaging, and the high-tech portrayal of Edinburgh really pleasing.

I've read all his books and am eager to read more. A big, big talent.

Excellent!

By Tam

Cowboys and Indians is book 7 of the excellent Detective Scott Cullen series. I've been looking forward to diving into this book; I've been a fan of the series since the beginning. I wouldn't say you need to read the other book in the series first; there are references to past events, but not so many that a new reader would be lost. But as it's such an enjoyable series, I very much recommend reading the other books.

Cullen is easing into his new rank as Detective Sergeant, and managing a small group of detectives on the latest case of a man found dead under a bridge wearing only his underpants. They plunge into the sordid, corrupt field of banking, where everyone lies and power corrupts. Meanwhile, Cullen's girlfriend, DI Sharon McNeil is trying to solve a series of rapes on men after they visited a local gay bar, The Liquid Lounge.

There was lots to like in this book; strong characters and a riveting plot sucks you in from the start and the solid pace kept the plot moving without getting bogged down. I was afraid at first that Bain would not make an appearance; who doesn't love a character you love to hate? His antagonism provides not only a little comedy relief but also adds to the tension one needs while reading a thriller. Similarly, the relationship between Cullen and Sharon, and their sorrow is something that nearly everyone can relate to and gives one a more personal connection to the story.

Overall, a fantastic book by one of my favorite authors. Many thanks to Ed James for the advanced copy of what is easily the best book I've read so far this year.
