Amazing read for young girls

By S. Cain

If you are looking to get your 7 - 10 year old daughter into reading look no further. My daughter got the first set when she was 6 but didn't read them until she was almost 8. When I finally made her sit down and read them she went through books 1 - 3 in only a month. What choice did I have but to order 4 - 6! Without missing a beat she picked these up and finished them as quickly as she could. She then proceeded to do some

thing most children don't do any longer....she reread them all.

If you have a daughter that you want to get into reading then do NOT hesitate to buy this set and the first set.

great deal

By INmomof2

both of my girls are so into these books. they even has my youngest reading and she isn't much of a reader. as we go back and forth to school she reads to us from these books during the ride. finding this set for this price made me happy. they are trying to get the whole set and since they're trickling in by the book I really needed to find a bundle pack like this, great deal.

By Alexis

I wanted my goddaughter to become a reader. She had significant problems with reading, to the point she began to affect her self confidence. I wanted her to read something where she saw someone go through obstacles and find a way to conquer them. She loves this series. I bought her this for Christmas and she is already on Book 6. Box Set 7-9, here we come.
