Great for ESL students

This book is great to teach ESL students. The exercises are good, and good explanations for the phrasal verbs.

A great book for English teachers!

By Aida

I'm very pleased with the purchase! The book is wonderfully organised, it has clear explanations for every practice unit and a number of practical exercises. I appreciate that all phrasal verbs are grouped in units, which definitely contributes to better memorising and mastering the verbs. What I like the most and actually was looking for is illustrations and exercises of a practical use of phrasal verbs rather than just their explanations.
