Very enjoyable.

This is a really fun colouring book. It has a nice balance between complex and simple images, e.g., you can colour images like the one on the cover or you colour a page full of mushrooms, so if you are not in the mood to tackle something bigger, you can just see how many different ways you can colour a mushroom, cassette tape or lighter. I'm not a stoner myself, but this book is still a great fun way to pass time and relax.

Recommended Purchase!

By Amazon Customer

Bought this for my fiance who struggles with severe anxiety and depression. She absolutely loves this book and hasn't set it down since it came in day before yesterday. The art is very trippy and will set you up for hours of trippy fun. She loves the one sided pages since she colors in marker, I wish more creators would make one sided adult coloring books since not everyone colors with color pencils/crayons. So very pleased with this product, definitely would purchase again. Many thanks to Stephanie Keir!
