I WAS #87: A DEAF WOMAN'S ORDEAL OF MISDIAGNOSIS, INSTITUTIONALIZATION, AND ABUSE BY ANNE M. BOLANDER, ADAIR N. RENNING PDF

"I was six years old, alone and terrified, and no one knew that I was deaf". So began Anne Bolander's five-year ordeal at an institution for retarded and unwanted children. Emotions were not allowed at the institution, where children were beaten bloody for laughing, crying, or even touching another child. Children lived a robotic existence, and like robots, were known by numbers instead of names. Anne was #87. She endured five years of this abuse before being removed and placed in St. Mary's of Providence Center, where teachers correctly assessed her as deaf, not retarded. After only one year, Anne returned home and there survived many more years of abuse. Her story calls for vigilance today and everyday.

terrific book for anyone

By mmsx3

This book should be on every high school reading list. With all the news about bullying this book really can put life into perspective for the reader. Anne must be a remarkable person to rise above so much. As you read the descriptions you need to remind yourself that this is not a story, this is an account of a life that was not created for reading pleasure, not fiction but real. Anne shows the reader how everything we know and do relates to our individual experiences from the past. I did feel differently after reading the book, not a sense of pity but rather one of awe. I hope you read this book for the opportunity to view an ordeal as an opening for better understanding of yourself and others.

An eye opening book about our institutions that are supposed to help people.

The book was great. I recently became friends with Anne. I think she is an amazing woman. There isn't anything she can't do. I am proud to have her as a new friend. Just wish we lived closer.
