Review

Geri rated it 5 of 5 stars

I loved this story so much! I loved how Ms. Mortimer made Frankie soft and obviously withdrawn because of the abuse, but didn't make her a victim. Frankie just needs to work through her emotions and once she does there is no stopping her and she is one tough chick! Loved her friends and Hardy's mom. Patrick's return was so suspenseful and added to the book. Great story!

Preonshatae Evans - 5 soul burning stars

Guess I'll be reading the entire series now.

Sassy Southern rated it 5 of 5 stars

I loved this book and look forward to the next book in the series. This is the second book but can be read as a stand alone. I did not read the first book but now I want to. I would recommend this book.

Betty Welch-draper rated it 5 of 5 stars

Oh this is a great book. Author Holly Mortimer has done a fabulous job writing this lovely touching story, and I have to say Frankie and Hardy story was very heartwarming read . These two characters are just amazing the way Holly Mortimer writes their storyline was out of this world ,how she weaves her magic is great. The passion and strength was amazing between them, I highly recommend to give this book a try because I know you won't be disappointed

Jill rated it 5 of 5 stars

I loved this book! I have been so bored with the same hum drum bla bla blahhh books. Holly went above and beyond. I bought this book few hours ago and i just had to finish!!! So I say this just please read. I love Frankie. And Hardy is the badass among all!!! Thanks for a great read! I plan to keep Ms. Holly in my future reads!!

It will certainly not make you really feel bored. Besides, this way will also boost your life high quality.

IGNITE (THE SISTERS SERIES BOOK 2) BY HOLLY MORTIMER PDF

Frankie

The only thing I crave is a peaceful existence. I'm scared, I'm tired and I just want to wake up each day not afraid of him finding me. What I never wanted to find was Hardy Hanson. Turns out, cravings, once fed, morph into something different. I couldn't ignore the need he awakened in me, but giving into it would mean only one thing. We would both go up in flames.

Hardy

When I'm in, I'm all in. I was born to protect and my second chance at redemption came when I crashed into Frankie Windsor. The problem was, she was so damaged, I wasn't sure even I could save her, but I was willing to put it all on the line to risk enough for the both of us to finally find some peace. What I didn't know, was just how dangerous loving her would be for both of us.

great

By Diane Plourde

This book was offered to me by Holly Mortimer in collaboration with Enticing Journey Book Promotions in exchange for an honest review. This is my 4 hot stars for Ignite by Holly Mortimer. This author is fairly new to me, so I wasn't sure what to expect. I wasn't disappointed in the least. The interesting blurb is what made me give this book a chance.

We have Frankie who's running from her past. She became the one person she vowed to never be, a victim. She's escaping from a physical and emotional abusive relationship. Frankie is a fighter and a survivor. She never stays very long at the same place for fear of being found. She's emotionally unattainable and has a problem with intimacy. She carries a lot of hurt and pain. Then she literally slams into Hardy.

Hardy is a hot, sexy alpha firefighter who's had his own traumatic experience in the past. He's never moved on from it until he meets Frankie. He's a protector and loves to take care of others. They are stronger together. Now Frankie's past is catching up with her. Will Hardy save her in time?

I would sum it up as a nice love story about trust and giving love a second chance. Although fairly predictable, fast paced love story it had the right amount of angst to be a great page turner. Nicely written. It was an enjoyable and entertaining read. I really loved the epilogue and it was done well. There is closure for this couple. It's told in a dual POV with no cliffhanger and has an HEA. This is book 2 in the Sister series. Great start for this new writer. I recommend this book that readers will not want to miss. I will defiantly look out for future books for this author.

This was a great story of loss and tragedy and second chances.

By Bouscher99

This was a great story of loss and tragedy and second chances. Frankie is running from an abusive ex...Hardy has also experienced a heartbreaking loss. Apart, they're just existing. Together, they start to live again.

"Who'd have thought getting run down by a dog would lead to me coming out of the dark and welcoming a bit of the light."

The obstacle will be convincing Frankie to take a chance again, to stand up for herself and stop running. Not an easy task but Hardy is up for the challenge and he'll stop at nothing to keep her.

This story is full of heartbreak but it's balanced out well with the laughs and happiness that these 2 share together. Both characters are very lovable and that just helps to make this an easy read. Overall, I really enjoyed this one but I'll admit there were a few times where it seemed rather predictable.

Absolutely loved Hardy and Frankie; excited for Sam and Brennan

By Mignon Mykel

Received a copy of the title from author in exchange for an honest review.

4.5 / 5 stars

Without taking anything away from Holly Mortimer, I would like to say after reading *IGNITE*, I'd like to retract my 4.5-star rating of *BLINDSIDED* and give it either a heavy 3.5 or light 4, because *IGNITE*?

IGNITE blew me away.

Where *BLINDSIDED* didn't hold my attention for long and it took me time to read, I was transported to the beach that *IGNITE* takes place at, and was so engrossed in the shy-but-could-be-feisty Frankie and the firefighter-with-his-own-dark-past Hardy.

Where I liked Finn and George, I loved Hardy and Frankie. Oh my goodness, did I love these two broken people. What starts out as silent runs (but not running partners, thankyouverymuch) becomes a friendship that Frankie wasn't looking for. Slowly, Hardy breaks down her walls -- or rather, he tries to; Frankie's walls are thick and she has them for extremely good reasons. With her past, she doesn't stay planted in one place for long, and aside from George and Sam, she's a loner in the world -- better to keep her hidden from her past, and all that jazz.

What Holly Mortimer does extremely well this go around is her suspense. From the nightmare/remembering in the first moments of the book, to the big boom of the story, you're gripped in Frankie's fight. Hardy and his alpha tears grip you, too, and you can't help but feel for this broken man who hides his feelings oh-so-well.

The one small issue I had with the writing, which I don't recall noticing in *BLINDSIDED*, was that Holly, on occasion, would switch between past and present tenses (example {not in the book but my own example} "I grabbed my cup and went to the table. I sit and pick up the newspaper..."). These instances were about the only time I found myself drawing out of the story, simply because they confuse my brain a little bit.

Beyond that, though, this story was incredibly gripping, well written, and you can't help but root for Hardy and Frankie. I have a feeling, though, that book three will be just as exciting. I'm very curious about this Brennan character that shows up at the end... Why, exactly, does Sam need you, pray tell...
