Great Book

By D. Dicus

Great book! Very informative. The terms throughout the book are very helpful. Using this book in a college class. !

0 of 0 people found the following review helpful.

the index is pretty lean leaving out a lot of words

By Meredith

For the most part, the book explained ideas in a simply format for all beginners. I wasn't as impressed that the publisher: used words not yet explained to define other vocabulary words, bolded vocabulary words aren't all in the glossary, the index is pretty lean leaving out a lot of words, and the math throughout the book generally isn't presented the best way possible. Overall, still a good book but there may be better options out there.

Lots for side-line hand-writing. Difficult to study from

By MAYINFL

Excessive writing throughout the book. Can definitely tell it's been used.
