From the Inside Flap

Books in the Immortalis Series:

Becoming a vampire is easy. Living with the condition... that's the hard part. Join Alyssa as she stumbles through the world of the "Unnatural."

Book 1: Carpe Noctem - Newbie vampire Alyssa never asked for this life, but now it's all she has. Rescued from death by Lysander, the aloof and sexy leader of the Peregrinus vampire clan, she's barely cut her teeth before she becomes a target. Kallisto, an ancient and vindictive vampire queen - and Lysander's old mate - wants nothing less than final death for her former lover and his new toy. She's not above letting the Acta Sanctorum, and its greatest vampire hunter, Santino, know exactly where the clan can be found. With no time to mourn her old life, Alyssa's survival depends on her new family. She will have to stand alongside Lysander and fight against two enemies who will stop at nothing to destroy them.

Book 2: Hunters & Prey - Rule number one: humans and vampires don't co-exist. One is the hunter and one is the prey. Simple, right? Not for newly-turned vampire Alyssa. A surprise confrontation with Santino Vitale, the Acta Sanctorum's most fearsome hunter, sends her fleeing back to the world she once knew, and Fallon, the human friend she's missed more than anything. Now she has some explaining to do. However, that will have to wait. With the Acta Sanctorum hot on their heels, staying alive is more important than educating a human on the finer points of bloodlust.

Book 3: Pandora's Box - After a few months as a vampire, Alyssa thought she'd learned all she needed to know about the supernatural world. But her confidence is shattered by the delivery of a mysterious package - a Pandora's Box. Seemingly innocuous, the box is in reality an ancient prison, generated by a magic more powerful than anyone in her clan has ever known. But what manner of evil could need such force to contain it? When the box is opened, the sinister creature within is released, and only supernatural blood will satiate its thirst. The clan soon learns how it feels when the hunter becomes the hunted.

Book 4: Soulstone - It's a desperate time for rookie vampire Alyssa, and her sanity is hanging by a slender thread. Her clan is still reeling from the monumental battle with Aniketos; a battle that claimed the body of Lysander, her sire and lover, and trapped his spirit in a mysterious crystal. A Soulstone. Unfortunately, no amount of magic has been able to release Lysander's spirit, and the stone is starting to fade. Weeks of effort

have proved futile. Her clan, the Peregrinus, have all but given up hope. Only Alyssa still believes her lover can be released. In despair, Alyssa begs the help of the local witch coven, and unwittingly exposes the supernaturals of Boston to unwanted attention from the Acta Sanctorum. The Saints converge on the city and begin their cleansing crusade to rid the world of all things "Unnatural." In the middle of an all-out war, but no closer to a solution to the dying stone, Alyssa is left with an unenviable choice: save her mate, or save her clan.

Dark Salvation

A gathering storm of violence is on the horizon. Whispered threats of the Acta Sanctorum's return have the supernatural world abuzz. Only recently aware of the other world hidden behind our own, Kitara Vanders has barely scratched the surface of what being supernatural truly means. A special woman in her own right, she possesses unique telepathic abilities, gifts that have recently come under the scrutiny of the Acta Sanctorum, a fanatical organization whose mission is to cleanse the world of anything supernatural. Targeted, and marked for death, Kitara's only hope lies with the lethally seductive yet emotionally scarred warrior, Nicholas.

Knowing full well the atrocities the Acta Sanctorum is capable of, Nicholas is all too eager for the battle to begin. Fueled by pain and rage from the loss of his mate, he's itching for a fight, but one thing stands in his way, Kitara: a beautiful dark-haired woman with unique psychic abilities and an unusual link to the Saints. Despite his resolve to remain focused on his mission, a purely physical relationship binds them together in a way neither of them expected. And when her life hangs in the balance, Nicholas finds his own is teetering on the edge too.

Great addition to the series!

By Ashley Wintters

Wonderful novella addition to the series! Fallon is in love with a werewolf. The problem is he isn't just any

werewolf, he is the leader and so he has to have a werewolf mate...which Fallon is not. Her choice seems simple. Become a werewolf and spend her life with Aiden or leave. The problem is the deadline and the line of women/wolves waiting impatiently to take her place!

I was soooo happy to revisit the vampire/werewolf/witch world that Salidas has created in our own little world. Fallon's story while short, was great. There is tension, love, passion, sex (and plenty of it!), pain, betrayal. It is all here and I was super excited to catch back up with a few of the others from the series and see how they are doing. While her choice seems simple, Fallon has a lot to contend with to get to her goal and even Aiden doesn't understand how much is standing in her way.

If you haven't read the series before this book, I rate it a 4/5. You will still enjoy it but you need to read the whole series.

If you've read the series, it is absolutely a 5/5! I can't wait for more!

Amazingly Outstanding!!!

By Jocelyn

I received this book for an honest review

From the first page I was hooked. It had action, romance, and suspense.....it is outstanding!

Fallon is a human who happened to fall in love with a werewolf named Aiden. But Aiden is not just any werewolf; he is the Alpha, the current leader of the Olde Town Pack. Fallon wants to be with Aiden no matter what but it's more complicated than most people think. In order to stay with Aiden Fallon will have to make the ultimate change.....she will have to change her species. Not only does she have to worry about the change and staying with Aiden, she also has a problem with earning the loyalty and respect of the pack, especially with the females. Conflicted with what she wants and what other's tell her she needs to do, Fallon will have to make a choice that will change her future forever.

When I first saw this book I thought it looked very interesting and it is something I would enjoy reading. I was really happy when I started reading it and found that I loved it!! The plot was really unique and fun to read. I've read a lot of werewolf books before but this novella goes beyond that, the characters Aiden and Fallon were such amazing characters. Aiden was strong, passionate, witty, and an outstanding leader. Let's not forget his awesome mate Fallon. I loved Fallon character immediately, she was easy to relate to and a very brave person. I found myself looking at how much of the book I had left to read and wishing that it would magically slow down because it was that awesome of a story. After I read this story I looked up the author to see if she had another story about Fallon and Aiden and was pleasantly surprised that this story was a companion novella for Salidas' Immortalis Series. I was excited that the author had other books I could read and I intend to buy some of her books now!! Katie Salidas is an amazing author, I am definitely a fan of

her writing now. If you are looking for a gripping, exciting, action and romance filled book you should read this. I highly recommend this book to everyone.
