## **Review**

'I have profitably used **Moral Choices** as a central textbook in my Christian Ethics courses since it first came out in 1995. This new edition builds on the strengths of the previous editions by deepening the analysis, bringing the discussions up to date, and adding a needful new chapter on ethics and economics. The book remains clear, readable, well-informed, biblical, and pertinent for the moral questions and challenges facing Christians today.' -- Doug Groothuis, Professor of Philosophy, Denver Seminary

## **About the Author**

Scott B. Rae (PhD, University of Southern California) is professor of Christian ethics at Talbot School of Theology, Biola University, La Mirada, California.

# MORAL CHOICES: AN INTRODUCTION TO ETHICS BY SCOTT RAE PDF

With its unique union of theory and application and its well-organized, easy-to-use design, Moral Choices has earned its place as the standard text for college ethics courses. This third edition offers extensive updates, revisions, and brand new material, all designed to help students develop a sound and current basis for making ethical decisions in today's complex postmodern culture. Moral Choices outlines the distinctive elements of Christian ethics while avoiding undue dogmatism. The book also introduces other ethical systems and their key historical proponents, including Plato, Aristotle, Augustine, Thomas Aquinas, and Immanuel Kant. After describing a seven-step procedure for tackling ethical dilemmas, author Scott Rae uses case studies to address some of today's most pressing social issues. He guides students in thinking critically and biblically about: ? Abortion ? Reproductive Technologies ? Euthanasia ? Capital Punishment ? Sexual Ethics ? The Morality of War ? Genetic Technologies and Human Cloning ? NEW: Ethics and Economics NEW FEATURES \* Online resources for instructors, with test banks, PowerPoint presentations, and more \* Chapter on ethics and economics covering global capitalism, environmental ethics, and business ethics \* Significant new material on bioethics and stem cell and embryo research \* Discussion questions at the end of each chapter \* Sidebars with case studies for discussion

I like this book overall because it is generally a good ...

By jbrian80

I am a college and seminary professor and have used this book for class. I hardly ever review anything but

thought I'd write a review of this book as the other two reviews were just ridiculous. Do you not do any research into a book before you buy it? Look at the table of contents? The publisher? The background of the author? Those who endorse it? The previous reviews are not of the content of the book but merely a reflection of the ignorance of the buyers.

I like this book overall because it is generally a good intro into Christian (!) ethics, biblical ethics, as well as a brief overview of moral theory (which often is lacking in Christian ethics books). It gives a good basic overview of many ethical issues. See the table of contents for more info on what it covers. Overall good book which will give the reader a wide range of ethical and metaethical material.

Christan? Ethics overview

By stasha n goliaszewski

The description of the book indicates it is a general approach to ethics with a Christian view. I got turned off when the reference material were verses from the Bible. I am a Christian and in fact an ordained minister in a Christian Interfaith Church. I was hoping for a general review of ethics with comparison to Christ and his philosophy/teachings. But most of the references are backed up with bible references from the old testament. If the old testament is your idea of Christian philosophy, this book is for you. This book is not what I hoped it would be.

The cover doesn't mention that this book is only for Christians

By Katharine

The cover and name of this book are misleading: it should have been called "Moral Choices: An Introduction to CHRISTIAN Ethics." It might have been nice-- ETHICAL, EVEN-- if the cover SORT OF MENTIONED that the thing is back-to-back Bible quotes and written EXCLUSIVELY for followers ONE PARTICULAR RELIGION. If you're not Christian, here's a book that'd make a pretty decent doorstop.
