Don't say "crazy"! The campus culture festival is coming up for the students of Class 2-A, and in manga these days that means not only cosplay, but starting an all-girl band! But what are they supposed to do about the fact that the keyboardist, Shinji, isn't, um, a girl? Well, that's when it's time for a little crossplay! Plus, a special bonus 4-koma (four panel gag strip) feature!

Nice Artwork as Ever, But ... Please Do Something Different

By T.NAKAJIMA

It's been more than seven years since they launched a spin-off "Neon Genesis Evangelion: The Shinji Ikari Raising Project," and perhaps not many people expected this romantic comedy version of "Evangelion" would continue so long. Now with the twelfth installment published in Japan (which I believe will be translated into English sooner or later), the series is likely to go on at least for some time. To me, the reason for the popularity is rather simple: its artwork, including fan service.

Not much happens in the tenth volume, which is about the high school students of Class 2-A including Asuka, Rei and Shinji, and their fun activities. They are doing sports festival (with Shinji in cosplay) and all-girl band (with Shinji as a keyboardist in women's clothes ... I'm not kidding). One day Rei catches a cold and Shinji visits her. Also, there's a "let's take a bath" episode, a kind of staple in Japanese manga/anime these days.

Don't get me wrong. I like all these things. Osamu Takahashi's illustration was pretty impressive when the series started in 2005, and he is getting even better now, with rich facial expressions of characters. Unfortunately, it is obvious that he is running out of ideas for story. Things are getting a bit silly when characters keep slipping, stumbling and falling in an embarrassing fashion.

I like the series and will keep buying it. So, here's what I want to say to the creator, who is clearly talented; please do something different for the next volume.

Love the art~

By T. Coleman

Silly and forgettable with great art. It's always fun to see these characters bumble around and I get great drawings of svelte lasses taking looong baths in many of them too!

+

No suicidal wenches, emo punks, and twisted all up in the head people deluding themselves with end of the world gobbily guk like the original tv show. Little aside: the series main writer was Suicidal and wrote out his angst to prevent it from happening. all in all~ It's all cheese cake and muffins here!!!!
