Most helpful customer reviews

4 of 6 people found the following review helpful.

A Great Collection of Essays

By Jason A. Wood

The Internet has changed the world in so many ways. This book is a collection of essays by some of the most prominent minds of the Internet. It covers security, freedom, intellectual property, privacy, and ethics of course. It was required reading material for a Computers, the Internet, and Society course I took. Very few other books could be better for that subject matter.
