"Oh my god I love this book" so many times as I went through ...

By slipslip

This is an extremely comprehensive research methods book. It was assigned to me, and although it is dense as dense can be, I caught myself whispering, "Oh my god I love this book" so many times as I went through it.

SO HELPFUL!

By Mad\_Dokt0r

This book had exactly what I needed to move forward with planning my dissertation study. In particular, I was struggling with data analysis, and the statistics chapters in this book were comprehensive and user-friendly. The final chapter on choosing the proper statistics was more helpful than anything I've encountered in my coursework!
