THE ETHICS OF LEADERSHIP BY JOANNE B. CIULLA PDF

The focus of **ETHICS OF LEADERSHIP** is the ethical challenges that are distinctive to leaders and leadership. Organized around themes such as power and the public and private morality of leaders, the book explores the ethical issues of leadership in a variety of contexts including, business, NGOs, and government. It integrates material on ethics and leadership from the great Eastern and Western philosophers with leadership literature and case studies. This multi-disciplinary approach helps philosophers and leadership scholars present a fully integrated view of the subject.

Psychology of Ethics and Leadership

By Robert C. Jamieson

Excellent thought provoking work on ethics and leaders. The author uses a combination of case studies with historical works to outline the different facets of ethics. A must read for someone who is in process of designing a training program on ethics for a company or who is interested creating a code of ethics for an organization.

6 of 7 people found the following review helpful.

If you want to do all of your thinking for yourself...

By Amazon Customer

...then this is the book for you. It contains all of the pertinent and influential work on ethics, justice, virtue, and duty. Just don't expect to be spoon-fed the learning points. It is comprehensive, and seeks to provide original works to engage both sides of issues. If you're not familiar with reading drawn-out Victorian sentences, or ancient Chinese writing, it might take a while to digest. The case studies are a high note, because they are simpler to get your brain around.

Ethics of Leadership

By Auntbea

I used this book for a class. I rented it because it was necessary not because I wanted to just read it. but it was less than i expected for the course.
