THE HOSTAGE BARGAIN (TAKEN HOSTAGE BY KINKY BANK ROBBERS BOOK 1) BY ANNIKA MARTIN PDF

"...she becomes Cinderella to three hot, dangerous criminals."

"This series is a guilty pleasure of mine."

"Best Menage of the Year" nod by The Romance Reviews

When Melinda Prescott is taken hostage by three hot bank robbers, she quickly discovers that a life of bank heists, luxury hotels, and kinky menages is way more exciting than working on the family farm. She should be scared of her dominating, fierce captors...but there's something wicked inside her that's craving to obey their every dark desire.

Melinda's an all-too willing captive to three smoldering sex maniacs...but is it all too good to be true? Will her delicious captors overcome their own demons enough to let her in...or is she going to end up a victim of the world's sexiest crime spree?

Interesting, but short

By sntec

I liked the concept of the story and found the story and characters to be interesting. I also liked the easy banter between the character dialogues and I found myself really wanting to get to know the characters more. However, I thought this book was too short which is why I am giving it just a 3 rating. I read this book as part of a compilation of books by various authors and I did not realize that this book was part of a series until I finished it. I went ahead and ordered the second book, because I want to find out what happens, but I will say that I really dislike the practice that authors are doing lately where they write a book in installments of less than 200 pages, but charge the full amount that a lot of 300-400 page e-books cost.

Funny, smart and sexy

By Carolyn Jewel

Annika Martin's Hostage Bargain is one of the funniest, smartest stories I've read in this category in ages. I'm glad I bought this book. I laughed out loud several times. Annika Martin is a very, very good writer and in this category (I'm sorry to say) that's pretty rare. The story is funny, the men are hot and Melinda is a wonderful foil for all three men. She's a sexual submissive without being a doormat, and I loved reading about her discovery of the unexpected (to her) kink in her personality.

There are three heroes in this book and all three are complex, fascinating, alpha men who aren't also jerks who, in real life, would be creepy. Martin made it impossible for me to pick a favorite of the three.

It's possible the hostage theme won't work for everyone, but the premise is well set up and completely convinced me that the heroine, Melinda, had reason to hate her boss and throw in with the men who rob the bank she works at. When asked by one of the robbers if employees at all other bank branches would be as eager to see the owner lose his shirt, Melinda replies, "Not as much as the branches Hank Vernon [the bank owner] visits. They have 132 branches across the Midwest, dude. Vernon can't terrorize them all." If that humor works for you, and it did for me in a major way, you'll love this book.

This is a smart, funny well written story with hot, hot men. I can't wait for more in this series.

For this genre, a great surprise.

By A Lot of Reading

This sexy book came to my attention via a Goodreads thread and I'm so glad. I won't rehash the premise. The description and the other review tell you what you need to know. I will say that it's the kind of set up that you can't see going somewhere satisfying (or at least, I had trouble) and yet, this story really does. Ms. Martin packs a lot of wallop into a relatively short novel. There is great dialogue here and good twists and turns in both the 'crime' (...adventure, suspense) and erotica aspects. I liked these characters and it was because of

events and their actions (I think they refer to it as lots of 'show me' and not too much 'tell me'). I definitely recommend this book. Enjoy! (Edit: Thought I should add that we can definitely hear more about these characters. I hope we do. So, you may want to note that this does not seem like the end of the road.)
