#### The Totality of Possibilities

By Koil

This is the follow up to 'You Can Heal Your Life' and it is simply amazing, easy accessible read. 'The Power is Within You' is my favorite work of Louise Hay, a must read for anyone interested in expanding consciousness. Many topics are covered, like relationships, prosperity, health, etc... My favorite chapters are the Totality of Possibilities and How to Love Yourself! (Both of those are also available as live seminars released on CD)

Do the 'work' and it will deliver.

and how to create a safer world to love and live your life

By Charles W.

Louise, You did it again.I adore the simplicity that you use to explain how to make the pilgrimage of the thought process to reach the life of spiritual enlightenment, physical health and the abundance of goodness. Loving and forgiving yourself are the first two steps. Release the past, forgive and let go, move on. She covers every aspect of life, such as: Learning to listen to yourself and to trust yourself, talking to the child within you, parenting, and how to create a safer world to love and live your life. She has convinced me that the powers are within myself to create a better life. I am in my third year and see improvement in my life and I believe I have a ways to go. I never give up. It is the reading of this book that has just brought me a step further. She speaks of the infinite wisdom that resides in each of us. She is very convincing in encouraging you to trust that wisdom. She advises you of that awareness of a , "need for change". It is the awareness that you'll develop that helps you see.
