His eyes are glowing sort of gold. I thought that they were blue. Maybe it's a trick of the light. My heart pounds, and I take a step back.

I turn to look at Tyler. How did I not notice the gold cast to their eyes before? It's strange, because I would have sworn that their eyes were pure blue when we met.

My breath is coming a bit fast now. Don't panic.

"What are you?"

Holy cow, these guys are complete crazies. I start to run for the door, but Eli catches me around the waist and pins me on the ground. He catches my wrists in one hand, and he pushes his heavy body against mine. I twist beneath him, trying to get him off of me, but he just presses his body harder against mine.

These dragon shifters are hotter than their dragon fire. If you attack their mate, you're liable to be burned.

A BBW. Two dragon shifters. Lots of hot loving.

GAIL

I was minding my own business at Seattle's Space Needle when suddenly the railing fell apart beneath me. A stunning white man caught me, and he invited me to dine with him and his twin. I practically have to fan myself from how hot the two of them are.

ELI

Note: This book contains steamy scenes. If you don't enjoy some scenes where the main character gets sweaty with two dragon mates, please skip this book. However, if you like reading about multiple partners who love curvy women, this book is for you. Enjoy!

FAN-DRAGON-TASTIC !!!

By jlswainsboro/Judy Lewis

Twin Dragons

Author: Alyse Zaftig and Eva Wilder

Genre: Paranormal Romance: Stand Alone Short (No Cliffhanger)

My Rating: Four Stars ****

I love dragon shifters so it's already a given there would be something I liked about the story, but I was pleasantly surprised because I really enjoyed everything about this story. It had thrills, chills, action, suspense and some wicked hot romance. The only thing I found lacking at all was the character development. Don't get me wrong, I loved the characters but I found myself with too many questions by the end of the book. I found myself wanting to know so much more about our heroine and our two heroes. I love a good quick read as much as I love a full length novel but having said that, a great short story shouldn't leave me with so many unanswered questions. A good beginning is great; a great ending is fantastic, but too many questions in between, leaves me a little unsatisfied. All in all, the story was interesting and exciting. It was fast paced, enticing, well written, seductive and is absolutely perfect for what I call a palette cleanser, something quick, easy and entertaining in between dark, heavy reads. Beautiful adventurous young heroine-check! Two handsome twin dragons-check! Danger, drama, action, adventure, suspense and an evil enemy-check! Heated attracted, fiery passion, soulmates, sweet romance, and some steamy sex-you bet! And did I mention a steamy ménage à trois? Oh yeah! That and a whole lot more! This is not a serial but a stand alone story with NO cliffhanger. Fabulous entertainment and a great read !!!

An there were dragons

By Kimberly D. Mobley

i received this book in exchange for an honest review. This book had everything I want in a story (2 beautiful dragons) but there were just too many gaps to connect with the characters. You didn't know anymore about the characters at the end of the book than you did at the beginning. I could overlook the editing issues and some wrong word choices but I really need more information about the characters in a story to care about their lives. It was a very simple girl meets boy, introduced to twin, they go to lunch and have sex. It seemed that the sex came out of absolutely nowhere and I had to go back and see if I missed a page. I am not the kind of person that needs the author to describe the wall paper and position of the sun but I have to have some information about motivations. Reading this story was like watching a silent film where you have to look at what is going on and guess about the why. Still, there were dragons and I love dragons! Also there was a happy ending and no cliff hangers.

Eli and Tyler get their mate

By Cilicia White

I usually love the books by these authors, but this one I just liked. This book jumped too fast for me and a lot of this was left out. The jump between them meeting, having a meal and then all of a sudden they went to their apartment and was having sex with her. When did she agree to go to their apartment and when did she agree to have sex with not one with one but the both of them. It seemed like it was so quick and that even though she was attracted to them she just accepted that she was going to sleep with them both. Also I wish we got a little more about the man who hated them. I know this is supposed to be a novella but it left a lot out. The sex scenes were good and the love they had was great I just wished we got a little more also she accepted them being dragons was awfully fast especially since she didn't believe or know that they existed. All in all I enjoyed the story.
