GEORGIA:

I just wanted to escape my past. Instead, I was kidnapped and sold to a monster in Mexico. The creep wants me to give myself to him willingly, and his methods are working. But then, he takes me to an underground arena and I see a man who knows what it means to fight back.

They call him deadly, but to me, he looks like life.

Those muscles could set me free in more ways than I dare dream.

If only I could reach him.

ANDRE:

In this town, I reign supreme. Even Cartel kingpins fear my strength. They drown me in riches to see it on display.

I know the truth. I'm nothing more than a mutt rolling around for treats, chained here by the weight of my past.

Then I met her - the broken pixie who saw me as a man to trust.

I thought freeing her would mean my redemption.

She might just turn out to be my salvation.

Warning

Uncaged is a standalone full-length romance set in the dangerous border town of Juarez, Mexico. This book contains strong language, sexual situations and violence. Mature audiences only.

Wow. I'm impressed!

By readymade

This was unexpected! A well written book with very little over-the-top silly drama and immature

ridiculousness. This book was - shocker! - a mature story. Even though the characters were young, nobody acted a fool and nobody made stupid decisions. Georgia was naive at first, but she was smart and learned how to take care of herself quickly. The drama was contained and the action was realistic. My only real problem with it was that the sex scenes weren't that sensual. I really wanted some hotness between Georgia and Andre, but it was kind of meh on that front. Otherwise, the way they fell in love was very believable and the side characters, tension, and conflict were all realistic (to a point - more about that in a minute). The setting was vibrant and the author has either lived in Juarez or did GREAT research.

The biggest con other than the low sensuality level was the fact that I thought it was wrapped up a little too cleanly and neatly. Also the main villain was kind of a mystery. What did he do, exactly? What was his connection to the cartel? How far was his reach - just Juarez or did he have clout in America too? We were told he was dangerous more than he was shown to be.

All in all, I'd recommend it to fans of suspense/action romance and those who like their romances set in dark, unseemly worlds.

Redemption, salvation and freedom

By SEB

Kidnapped girl, fighter for the cartel, hiding out in Mexico and trying to get back to the USA...all the ingredients for this exciting new book.

It was only 99 cents when I got it and seemed like it would be my cup of tea and I did enjoy it for the most part.

It wasn't as violent and sexually explicit as most kidnap books are and yet, it still had a fair amount of bloody action in the form of fights (almost to the death) between Andre and all the opponents he was getting paid to fight for his crime bosses.

I felt that Georgia, the girl tricked into going to Mexico and being sold to a rich man, was very immature and sheltered and almost behaved like she didn't have a clue as to what was going on. Her new "owner" was too nice to her (he never did more than kiss her before she escapes) and yet she acted like he was abusing her physically.

The side characters of Maria and Dennis added some interesting dimensions to the story, as Georgia had their help to blend in and learn to live in the world she was thrust into. The last few chapters were chock full of exciting action as they all try to escape their miserable prison of a life under the thumb of the cartel.

A few errors in word choices and wrong names in referring to some big US landmarks...but those are easy fixes.

**** 3.5 **** "redemption, salvation and freedom" stars

Dark but lacks Romance

By beldrenlv

I read this book in response for a honest review. It was definitely dark but the romance appeared to be lacking for me. I like the diversity of characters but they lack substance. I would have preferred more maturity with the characters and sensuality.
