While their allies wage war on a thousand different fronts, the XVIth Legion descend upon the Knight World of Molech – home to House Devine and their feudal levies, and a principal seat of Imperial military power. Just what could have drawn Horus to attack such a strongly defended planet, and what might he be willing to sacrifice to fulfill his own dark destiny?

This book sucks. Bringing back loken

By Ryan Vogel

This book sucks. Bringing back loken, why? One of the great things about the hours heresy was that any character could die at anytime. His death was a great moment in the series. Too many characters and no really no story telling of him going into the warp and becoming a demon lord. Worst Graham Mcneil book I've ever read.

awesome

By Brandie Bellamy

Awesome! Don't listen to the negative crab about this novel. Have followed the horus heresy since it's beginning and this one is up there with my all time favorites like false gods, know no fear and a thousand sons.
